FREQUENTLY ASKED QUESTIONS (FAQ)

This FAQ sheet was created as a supplement to the “READ ME FIRST” document, **not** a substitute. **It is HIGHLY RECOMMENDED that you read ALL of the “READ ME FIRST 2022 APPLICATION GUIDELINES” document.**

When will applicants know if they have been selected to the 2022 BorderLight Fringe Festival?
All selected applicants will be notified by March 22, 2022.

What is the Production Fee and what is it used for?

Production fees vary from \$100 to up to \$250 depending on type of show, technical needs, number of shows, and size of venue. These fees directly fund Festival venue costs, tech & box office support, and help make the Festival sustainable.

Why does the Production Fee vary?

Production fees are decided upon the needs of the Company’s production needs, venue cost, venue size, and the amount of support needed from the BorderLight staff. For smaller productions, like short, pop-up productions, the production fee will be smaller than for a performance that requires more technical support.

Are the Application Fee and the Production Fee the same?

No, there is a mandatory application fee of \$25 to apply to the Fringe Festival. This fee is nonrefundable. Production Fees will be established after participants are selected for the Festival.
